

## **NORDIC PERFORMING ARTS DAYS 9-21 JUNE 2014 – COME AND JOIN!**

### **The performing arts facing globalization, digitalization and co-creation**

The Nordic Performing Arts Days is a unique chance to see, experience, learn and meet new colleagues from all over the world – and as a special treat the world in this case includes a guest performance from North Korea. The days will be formed as a caravan of performing artists that will be traveling through the four biggest Danish cities: From Aalborg via Aarhus and Odense to Copenhagen. Both streets and theater spaces will be lightened up with performances, workshops, parties including a visiting program for international presenters and much more. The perspective on the performing arts is different in each city where the caravan stops – in Aalborg the focus is on new collective creation processes, in Aarhus on dance and performance and new work formats, in Odense on performing arts for young audiences and in Copenhagen on dramatic art.
